

Hi Rajdeep

On behalf of the entire team at Microsoft, I want to wish you a big congratulations for completing the Engineering: Undergraduate & Masters Asia Virtual Experience Program. What an amazing achievement!

By completing the program, you have gained valuable practical skills to drive your career forward. We are excited to see where life will take you and here's hoping you consider us for any future opportunities here at Microsoft. To learn more about these opportunities, go onto the careers website [here](#). You can also leverage on [Microsoft Learning Platform](#), in which you can leverage on tons of learning resources and learning paths to learn Microsoft technologies include Azure, Microsoft 365 and many more for you to explore on your own schedule.

We encourage you to share your personalized completion certificate on LinkedIn and to add this fantastic experience to your CV according to [Forage's Referencing Policy](#). Come on, you know you want to!

Once again, we congratulate you for the efforts you have put into completing the Engineering: Undergraduate & Masters Asia Virtual Experience Program. I hope you've enjoyed this experience as much as we have alongside you!  
If you didn't have an opportunity to complete all of the bonus tasks in the Work Ready skills module we recommend you jump back in to do so! Enjoy!

Remember, use the platform that Microsoft has provided you in order to pursue your passions within the technology sector.  
In the meantime, stay safe and we hope to see you again in the near future!

Best wishes
